KITIKMEOT CORPORATION NEWS

SPREADING THE NEWS

We created this quarterly newsletter for Kitikmeot beneficiaries, like you, to share KC's upcoming projects and employment opportunities that will impact our communities.

NEW WEBSITE LAUNCH

We launched a new website with Inuinnaqtun and Inuktitut translations!

Kitikmeot Corporation's (KC) mission is to deliver economic benefits to the Kitikmeot Inuit by pursuing regional and pan-arctic business development opportunities; so it's essential that our messaging is accessible to beneficiaries and reflects our values, culture, and languages. You can visit our new website at kitikmeotcorp.ca

CONNECTING THE ARCTIC

Our president, David Omilgoitok, and KC's board chair, Stanley Anablak, were invited to attend Future Greenland 2022, Greenland's first major business conference in more than 2 years. It's been amazing to see the cultural ties between Greenland and Nunavut come to life and we truly expect and believe that this important visit to Greenland will spur more business and cooperation between our 2 Arctic neighbors in the future.

ON THE HORIZON

- Construction of the multi-use buildings in Taloyoak and Kugaaruk for use by the Kitikmeot Inuit Association will be completed this fall.
- We anticipate fall and spring training programs for employment opportunities with Kitikmeot Corporation subsidiaries in construction, drilling and camp catering and housekeeping.
