

Join Nasittuq for a unique and rewarding experience!

Nasittuq provides Operation & Maintenance services for the North Warning System (NWS). The NWS is a joint Canada and United States early-warning radar system with 47 sites located in Northern Canada; a Control Centre and Support Centre located in North Bay, ON and a Contract Management Office located in Ottawa, ON.

NATURE AND SCOPE:

This position is responsible for maintaining road and runways as well as assisting with equipment maintenance.

This is a full time, Unionized rotational position. The candidate must be comfortable working in colder climates, during a 6 week on, 6 weeks off rotation schedule. All travel to/from site, including board and meals, is provided.

RESPONSIBILITIES:

- Maintaining roads, grounds, and gravel surfaces to ensure safe route passage
- Safe operation of standard construction and heavy equipment (front end loaders, dozers, graders, trucks, dump truck, forklift) to maintain roads, run-ways, and grounds
- Performing daily checks prior to vehicle use
- Assisting with Mobile Support Equipment (MSE) maintenance/repairs and documents maintenance routines
- Cleaning vehicles, performing fuel dips and fuel transfers, and assisting with sealift material delivery
- Responsible for cleanliness of buildings where MSE are kept
- Loading and unloading helicopters and fixed wing aircraft
- Shoveling snow / grounds
- Responding to site preservation emergencies and environmental emergencies
- Identifies maintenance requirements to the LSS Manager/Site Supervisor/delegate
- Providing assistance to the FMT-V in conducting Preventive Maintenance Inspections (PMI) and other trades as required when directed by the LSS Manager/Site Supervisor/delegate
- Performing other duties as assigned that are transient in nature.

QUALIFICATIONS:

EDUCATION: Grade 9 or combination of education and experience

CERTIFICATE(S) / LICENSE(S):

- Licensed heavy equipment operator with Air Brake certification (DZ License)
- Valid Class G driver's license
- Operators of GFE MSE must complete a Safe Backing course
- Operators of GFE MSE being operated on airport ramps or runways must be authorized to do so by the appropriate Airport Authority

EXPERIENCE:

- Related experience operating equipment (loaders, graders, dozers, dump trucks etc.) in a safe manner
- Must be experienced or trained on driving vehicles with attached trailers

KNOWLEDGE OF:

- Truck and equipment safety
- Water, sewer, and garbage truck operation
- Operation of front-end loaders, dozers, graders, compactors, snow blowers and other pieces of heavy equipment
- Equipment maintenance and storage
- Road construction and maintenance techniques
- Workplace safety requirements and procedures
- Record keeping system

COMPETENCIES / SKILLS AND ABILITIES:

- Operate single axel trucks in a safe and responsible manner
- Operate required equipment in a safe and responsible manner
- Possess sound work ethics and problem-solving skills
- Effective oral communication and interpersonal skills
- Documentation skills including ability to use MS Word and Excel
- Effective time management skills and effective decision-making skills
- Flexible and ability to handle multiple priorities
- Ability to travel as part of a small team to adjacent sites to perform HEO functions
- Must be able to wear personal protective equipment (PPE) including Fall Arrest Harness, as required
- Ability to work under physically demanding, often adverse weather conditions in remote Arctic locations

DESIRED QUALIFICATIONS:

- Proficiency with MS Word, Excel, PowerPoint, Access, and Outlook
- Standard First Aid trained with CPR Level A (with valid certificate) preferred
