

NUNAVUT 3000- Igluliuatigiingniq

Kitikmeot Corporation is proud to share that NCC Development have collaborated with Nunavut Housing Corporation to introduce Nunavut 3000. The following is from the NCC website:

NCC is thrilled to announce that NCC Development Limited (NCCD) and the Nunavut Housing Corporation (NHC) have signed a Master Partnership Agreement as part of the Government of Nunavut's "Igluliuatigiingniq" program, also known as "Nunavut 3000".

The 10-year agreement provides an opportunity for NCCD to deliver up to 2,000 new much-needed housing units across the territory. This work program will include transitional, public, affordable and market housing units across the territory, and is part of the Government of Nunavut's ambitious goals of build 3,000 new housing units over the next 10 years.

Kitikmeot Corporation shares equal ownership of NCC with the Qikiqtani and Kivalliq regional development corporations and Nunasi Corporation. Together we look forward to working together and through NCC to address the housing crisis in Nunavut. Kitikmeot Corporation will focus on efforts in our region, working with NCC to provide housing and development of meaningful employment and careers in construction for our Kitikmeot beneficiaries.

Preliminary construction in the Kitikmeot region is scheduled to start this year, with NCC building up to 50 public housing units in Kugluktuk, Taloyoak and Cambridge Bay.

KITIKMEOT CORP. STAFFING UPDATE

We'd like to introduce you to the newest member of our Kitikmeot Corporation team, Stephanie Tap-tuna!

We welcome her as the Director, Business and Community Relation. She has a background working in Inuit organizations and shares a wealth of knowledge in the Communications and Administration fields. As a long-standing resident of Cambridge Bay, her experience and Arctic expertise will help us facilitate new growth and opportunities for the Kitikmeot Region!

Stephanie is available for any questions you may have regarding employment within the region. You can reach out to her at
